Since 1974, King Tables has been making simple, rugged and well-built wood outdoor furnishings. People appreciate the solid construction, practicality and comfort they provide. King Tables outdoor furniture is made to last for years, making it a smart buy for everyone concerned with getting good value. Quality workmanship and "hands-on" management are keys to bringing you good products. We select our wood with great care, and keep our customers in mind with every step of our manufacturing process. The result is an increasingly large selection of quality products, and timely availability of every item in our line. King Tables furniture is made of Number 1 Grade wood and stainless steel screws.

Quality

is built into every King Table product, with premium outdoor wood and superior workmanship providing good value and years of enjoyment for you.

CUSHIONS, PADS & UMBRELLAS

King Tables supplies cushions for the chaise lounge, plus bench and chair pads in five popular colors. Bench pads have handy Velcro® fasteners to keep them in place. The foam is treated with PVC to minimize water absorption, and the covers are made of Sunbrella fabric with texilene bottom, a "breathable" fabric that adds comfort and allows quick drying if the pads get wet.
